KEY SYSTEM STARTED THROUGH SERVICE between Albany and San Francisco this week, with the "F" bus line service taking Albany residents directly across the Bay between the hours of 9 a.m. and 4 p.m., Monday through Friday, instead of having to transfer to transbay buses in Emeryville as in the past. The buses leave San Pablo and Solano Avenues every 30 minutes. Credit for obtaining this through service goes to Councilwoman Mrs. Kathie Zahn who carried on the negotiations with the Public Utilities Commission and the Key System as the representative of the Albany City Council. — Gazette photo.

Chamber Chatter

Spring and its beautiful warm weather seem to be with us in Albany but there is no time for spring fever... too much going on in our fair city.

Annual Lenten Inspirational Breakfast

The Albany YMCA Annual Lenten Inspiration breakfast will be held Wednesday, March 18, 7:30 - 8:30 a.m., at the Albany 'Y' building, 921 Kains Avenue. In the past years this branch has been attended by business and professional men who have appreciated the message as well as the time allotted.

The speaker, Reverend Donn D. Moomaw, of the First Presbyterian Church of Berkeley has chosen for his subject, "New Men For a New Day," John 9:1-11. Donn Moomaw, all-American lineman in each of his three varsity seasons ranks as one of the greatest Grid stars UCLA has ever had. As a senior, Moomaw racked up a list of honors which included being named to every "All" team in the country, playing in the North-South Shrine game in Miami and was named the most valuable player that night; playing in Hawaii and being named "Line-man of the Year" by both United Press and Associated Press.

He committed his life to Jesus Christ in his Junior year of college, 1951. From that time he has been active as an evangelist and youth speaker. From February to June of 1954 he was a member of the Billy Graham team in the now famous "London Crusade." In June of 1957 he graduated from Princeton Theological Seminary where he studied three years for the Presbyterian ministry.

His most recent award was presented by the Junior Chamber of Commerce of California. He was selected with four other men as one of the five outstanding men of California for 1957.

Herrick Rummage Sale March 19th

What did Grandma purchase at the old church rummage sale in 1900? What will we buy at the 1970 rummage sale when we are Grandmas and Great-Grandmas? On Thursday and Friday, March 19 and 20, from 9 a.m. to 5 p.m. the Annual Rummage Sale of the Herrick Hospital Guild Arch of Diamonds — helped this year by the Arch of Jade — will offer shoppers a unique opportunity to buy fashions that span almost a hundred years, according to Mrs. Spencer Britton, chairman of the big selling event.

John Vercelli Named Assistant Fire Dept. Chief

The Albany City Council this week named John Vercelli, a veteran of nearly 25 years' service with the Albany department, as the city's assistant fire chief. The appointment was based on the recommendation of Chief Gerald D. Browne. Effective date of the appointment is March 16.

Vercelli will have been with the department 25 years this coming June. He is 56 years old and has been a captain in the department since 1947. He lives with his wife Rose at 842 Evelyn Avenue. They have a son, Phillip, who is a civilian employee with the U.S. Navy.

Vote on Vercelli's appointment was 4 to 1. Mrs. Zahn voting "No" on her claim that the names of Police Inspector Vernon Freeman and Fire Captain Kenneth Symington had been placed on the eligibility list illegally. The council passed the question up to City Attorney Robert J. Foley, who filed a formal opinion on the matter last week in which he ruled the commission's action was entirely legal on all the points at issue.

CITY SUED ON CLOSING OF EVELYN, CORNELL

An injunction suit filed against the city over its refusal to open up two dead-end streets at the north city limits, was referred to City Attorney Foley for legal study, and a committee of Councilmen Donahue and Keek was named by the Mayor to consult with the Albert-Lovett Company, which had filed the suit, in an effort to forestall possible lengthy and costly litigation.

The Albert-Lovett Company last year requested the city to remove the barriers at the county line, and to open Evelyn and Cornell Avenues to through traffic into the El Cerrito Plaza which the company was in process of constructing.

A public hearing was held on the question at which the protests were overwhelmingly against opening the streets. According to the city charter a four-fifths vote of the council would have been required for passage, and the council voted against the opening.

In other action the council set March 23 as the date for a public hearing on the recommendation from the Planning and Zoning Commission that Lot 40, Block 3, Regents Park Map No. 6, known as 824 Cornell Avenue be rezoned from first residential to second residential, "provided the city building inspector inspected and passed the building" existing on the property.

Another public hearing was set for the same date on the request of H. B. Cheney for a use permit on Lot 14, in addition to Lots 15, 16, 17, 58, 59, Block 15, Amended Map of Sunset Terrace. Approval of this would add Lot 14 to the property upon which Mr. Cheney is planning on building a motel facing on San Pablo Avenue, and running through to Adams on the west. The vote was 4 to 1. Mrs. Zahn voting "No."

Two requests for funds from Superintendent of Parks and Recreation E. L. Nelson, totaling \$1350, was referred to the Parks and Recreation Commission for consideration and recommendation.

The council agreed 4 to 1 to establish the minimum setback on the motel property facing on Adams Street at 12 feet when it was pointed out that the present setback varied widely from 2 feet upwards of 20 feet from the property line. Mrs. Zahn voted "No."

On Resolution No. 59-20 appointing Vernon H. Freeman as probationary inspector, the vote was 4 to 1. Mrs. Zahn voting "No."

On Resolution No. 59-21 appointing Glenn L. Thompson as probationary sergeant, the vote was 5 to 0.

On Resolution No. 59-22 appointing Raynor Talley as Deputy Health Officer and City Sanitarian at a salary of \$325 a month plus car allowance, the vote was 4 to 1. Mrs. Zahn voting "No."

Ordinance No. 59-01: change in sidewalk, portion of Lot 1, Block 2, Flat of Cerrito Hill (Second Reading), the vote was 4 to 1. Mrs. Zahn voting "No."

Ordinance No. 59-02: change in setback, portion of Lot 1, Block 35, amended Map of Fairmount Park, 1350 Marin Avenue, owner F. Hendrickson (fronting on Ramona), the vote was 3 to 1. Mrs. Zahn voting "No," and Councilman Blank not voting.

IN THE History OF Pharmacy

by Bernard L. Mandel Pharm. D., B.S.

Stone Oil or Seneca Oil as petroleum was first found in West Virginia when it was used for medicinal purposes and was packaged in jars. It was one of our early European.

The knowledge of their medicinal uses is found in America among Indians varied with the levels of the early tribes.

These days, with prices rise generally, it makes to find somewhere where price is going down for a while. Many of you are already using Special Formula. You know that it is a product, stronger than other popular brands.

Now, because of a steadily increasing demand, we are able to reduce prices on all sizes. Quality and remain unchanged. These new low prices are 2.49 for 100, 4.95 for 250, even bigger sizes on 500. Why not compare and see and compare for you.

Local Boy Is Contest Winner

Al Motta, of 1065 Talbot Street, Albany, last week became the "Champion Hot Dog Eater" of the Morrell Hot Dog Eating Contest, by consuming a hot dog, in bun, with trimmings, in 50 seconds flat.

Al won this singular distinction over a field of 72 contestants, from 5 to 15 years of age, for the best time out of seven contests held at the two Pic 'n' Pac Markets, located at 1294 San Pablo Avenue, at Gilman, Berkeley, and 10065 San Pablo, in El Cerrito.

Other first place winners were: Elihi Harris, Harry Louis, Tony Winters, Joey Kessinger, Waynt Lynch and Bob Gerenco.

The Morrell Hot Dog Eating Contest was only one of many special events of the very successful "Morrell Wild West Pic 'n' Pac of Values," in which many local residents won food prizes while they shopped.

What are you doing to strengthen America's Peace Power?

Not everybody can fly a jet to help keep the peace. But fortunately, everybody can do something to help strengthen America's Peace Power. Here's how:
Peace costs money. Money for many different things. To help us keep the peace, through industrial and military strength. To help make it lasting for the future, through science and education. And, (most important) it takes money saved by individuals. Your Savings Bonds, as a direct investment in your country, make you a partner in the job of strengthening America's Peace Power. So—buy Bonds now. Buy them where you bank, or where you work, through Payroll Savings. They're a good way to save. And they're your investment in the future!

WHAT'S DOING

... folks here in town never think of the telephone company when they see jet fighters tracing vapor trails through the sky. But the fact is that phone people are helping to speed up the nation's air defense by making work almost automatically. We're building a network of telephone lines that are the nerves of a new system called SAGE. They carry signals from radar outposts to control centers in a flash. There, Air Force men see an instant what's in the air, and can use SAGE's voice lines to order jets or missiles up without a second's delay. We watch over these lines with care, make sure they're always working for your safety and security.

TOTS and TEENS
By Mrs. Joan Cameron

Teen-aged Bud and his friend have formed a "safety safari." Before going into "the bush," as the boys call our neighborhood, to hunt for accident hazards, each member must check his "home compound" for traps that could be harmful to the "tribe."

In the bush, they beat through vacant lots to track down dangerous holes that are not properly filled in and report them to city officials. They also cart away dead weeds and rubbish that might cause fires and remove any broken glass that could injure small fry.

At home, Bud's check was very thorough: he made sure that electrical cords were in good repair, that combustible paints and varnishes were stored in fireproof containers and that poisonous and harmful medicines and household supplies were labeled correctly and put in safe places.

He examined our first-aid supplies to see if they included such staples as antiseptic for cuts and wounds, Vaseline Petroleum Jelly for minor burns, calamine lotion for skin irritations, tongue depressors, spirits of ammonia, adhesive

tape, gauze bandages, cotton and aspirin.

And when Bud saw his sister cooking in a fancy long-sleeved blouse, he explained that frilly clothing ignites easily and has no place around the stove.

Then he stocked a small first-aid kit for the kitchen where most home accidents occur. It includes additional petroleum jelly, tape, gauze, bandages, cotton and antiseptic.

SCIENCE IN YOUR LIFE
New Freedom

Thousands of men and women can lay aside the insulin injection, needle, thanks to recently developed oral drugs for diabetes. The newest of these modern medicinal pills, a tablet called Diabinese, was assessed by world experts of 19 countries at a recent conference held at the New York Academy of Sciences. From thousands of cases studied it was learned that, among other advantages, Diabinese is effective in many cases where earlier oral drugs have failed.
The chronic disease, which afflicts an estimated three million people in the U. S., may be controlled in more than four-fifths of the adult diabetics by Diabinese, according to Dr. Zeb Burrell, Jr., of Georgia. One of several hundred doctors who have tested the drug, Dr. Burrell reported results of more than a year of clinical experience.
Every ten minutes somebody in the United States becomes a diabetic. Although the disease can and does strike youngsters, diabetes is most common among men and women in their forties and fifties. It is this older group which benefits most from the oral drugs, doctors say.
Approximately one million people have diabetes without knowing it. Often the diabetes is discovered when the patient seeks medical advice for an altogether unrelated problem, or one that is seemingly unrelated. Some of the usual symptoms of diabetes are increased thirst, constant hunger, loss of weight, frequent urination, itching and easy tiring. Take such symptoms to your family physician.
Early diagnosis and treatment of diabetes is important. And today, with further knowledge and new drugs like Diabinese, doctors are able to help diabetics lead near-normal lives.

The blessings of trust in God are brought out in passages to be read from the Bible, including this one from Psalms (34:8-10): "O taste and see that the Lord is good: blessed is the man that trusteth in him. O fear the Lord, ye his saints: for there is no want to them that fear him. The young lions do lack and suffer hunger: but they that seek the Lord shall not want any good thing."
Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy in the Lesson-Sermon entitled "Substance" will include this well-known statement (494:10-11): "Divine Love always has met and always will meet every human need."
The Golden Text is from Psalms (36:5): "Thy mercy, O Lord, is in the heavens; and thy faithfulness reacheth unto the clouds."
